24 June 2026

Dear Parents and Carers,

Following my letter of 23 June, we have now been advised that the red heat health alert (met office) has been extended to 11pm on Friday. Due to these continued extreme weather conditions, we have made the following decisions to help ensure the safety and wellbeing of our pupils:

As well as today and Thursday 25 June, on Friday 26 June, school will be only partially open as follows.

1. Pupils in our new Early Years classes (which have air conditioning) can attend school
2. Those pupils already risk-assessed as red by children's social care and / or CAMHS can attend school.
3. **No other pupils should attend school**

Thank you for your understanding and support as we prioritise the health and safety of our school community.

Yours sincerely,

Fiona
